Howdy Michael!

Sure the holidays are a time for giving, but you have to admit that receiving isn't too bad either! That's why you are going to be very happy you opened this email.

**For a limited time, we're offering \$100 OFF
our 10-gallon handmade beauty of a copper still!**

Known as "The Expert," our **10-gallon still** is an extremely popular choice with our customers who appreciate the fact that it can brew up 1-2 gallons of moonshine, whiskey, rum, vodka, tequila or brandy with minimal effort – and maximum style. Plus, when not in use, the still's appealing curves and copper sheen make it a delight to display, as the piece of art it really is.

So, the hundred bucks? Yup, that's for YOU. Same goes for a still you'll be able to use reliably for decades. But what about that gift for others?

Well, that's the fun part.

When you claim your \$100-off deal today, we'll be sure to ship The Expert out to you in plenty of time for holiday gatherings. That means you'll be able to distill batch after batch of your very own spirits to give as unique and unforgettable holiday gifts.

Order today, and you'll even have the still in time for Thanksgiving, which means you could start a new holiday tradition by getting your friends and family in on the pleasure of home distilling with our high-quality still. The included instruction guide, treasure chest of recipes on our [website](#) and support from [HomeDistiller](#) forum make it a breeze!

So why not treat yourself to a gift that lets you make gifts – and memories – this and every holiday season to come? The \$100 discount is only good for a limited time, so be sure to order today and use code **SAVE\$100** when ordering [The Expert](#).

Happy distilling!
Jason
