Congratulations **Sample A. Sample:**

PCS Stamps & Coins is ready to ship you the first coins in the All-New State Quarters collection — in brilliant, uncirculated condition. We only need you to confirm your delivery address thus permitting us to release your shipment.

**10-DAY RESPONSE CRITICAL
* * * TO RELEASE THE HOLD * * *
ON YOUR SHIPMENT!**

Dear **Sample A. Sample,**

Excitement is racing through our nation's coin collecting community. The all-new State Quarters are off to a flying start. The newly released, uncirculated coins are being scooped up by collectors everywhere, leaving hardly any for private citizens like you.

But not to worry, **Sample**, the Shipping Code Label you've received on the outer envelope guarantees you access to this landmark new coin collection in its entirety.

Demand Expected to Reach Maximum Levels.

Each of these coins immortalizes a majestic national park or historic landmark — one from each state and U.S. territory — a first in American coinage history. Based on the coin collecting craze initially established with the first State Quarters, as well as the inherent beauty of this new collection, further compounded by a 65%* drop in U.S. mint production, demand for these all-new State Quarters is expected to reach record levels. This means it will be difficult to even find these coins in circulation — let alone the *pristine, uncirculated* quarters you can claim with your Shipping Code!

(over, please)

* from 2008 to 2009.

**BECAUSE WE HAVE ALREADY RESERVED A COLLECTION FOR THE
SAMPLE HOUSEHOLD, ALL WE NEED IS YOUR PERMISSION!**

**Simply remove the Shipping Code Label from the front of your envelope
and affix to the enclosed Shipment Authorization Form.**

Because of mounting collector interest, we urge you to respond within the next 10 days. Please remove your label, place it on the enclosed Shipment Authorization Form, and return it in the enclosed reply envelope. You will be GUARANTEED a complete set of uncirculated All-New State Quarters — including the critical early coins that are getting scarcer by the minute.

**Exceptionally Presented on Deluxe Collector Panels
Worthy of These Monumental Coins.**

Respond with your Shipment Authorization Form quickly and you'll receive two uncirculated all-new state quarters, one issued by the Philadelphia Mint and one by the Denver Mint. They will both be housed on a **beautiful and informative Collector Panel** so both the "heads" and "tails" images can be viewed from both sides. Featuring beautiful photography and fascinating facts, these Panels are the perfect way not only to reserve and store your coins — but also to share them with others.

As an added bonus, each Panel also includes up to two mint-condition U.S. postage stamps relating to the site — some more than 50 years old!

**Hassle-free offer.
PCS Can Only Guarantee Collections Authorized Within the Next 10 Days.**

**Each coin in this series will only be minted for a maximum of ten weeks
and then never again. Coin quantities are extremely limited.**

That's why it's critical you put in your claim for them NOW! Return your Shipment Authorization Form within 10 days to ensure you receive your first set of coins. Each Panel is just \$15.95 (plus \$2 shipping and service). You will receive one new Panel approximately every ten weeks at the same low price. If you are not satisfied with your first Panel, you may return it within 90 days for a prompt refund or replacement. You need send no money now and you may cancel your subscription at any time.

We look forward to your response and to sharing the pride and satisfaction that can only come from collecting a complete United States coin series.

For PCS Stamps & Coins,

Kristi L. Patterson

P.S. The acquisition, secure storage, shipment, and delivery of U.S. coins is something we take very seriously here at PCS Stamps & Coins. That's why it's important that you move the Shipping Code Label from the envelope and place it in the indicated region on the Shipment Authorization Form. This will notify us that we're authorized for IMMEDIATE shipment of your first coins.

***** PLUS, when you reply using your label we'll also reserve and ship a FREE Collector's Album to you at no extra charge!**

PATRIOTISM & PRESERVATIONISM

**Offered to you exclusively by
PCS Stamps & Coins...**

When President Roosevelt established the first bird reserves, game preserves and national forests in America in 1901, he preserved some of the most beautiful parts of our country for generations of Americans to enjoy.

Now, for the first time in history, these premier sites are being honored in an expertly designed coin series celebrating our spectacular national parks.

Whether you're a patriot, a nature lover, a history buff or a fan of collecting, this series is one you certainly don't want to miss. And with each coin only being minted for 10 weeks, it's all too easy to lose out — **unless you say "YES" to this offer within 10 days!**

To enter your claim, please be sure to return your Shipment Authorization Form with the Shipping Code Label found on the envelope in which your documents arrived. Reservations will be taken on a first-come, first-served basis. We urge you to respond within the next 10 days to avoid disappointment.

AMERICA'S ALL-NEW
STATE QUARTERS ***

Beautiful Coins
FOR A BEAUTIFUL COUNTRY!

**Seven Reasons Why NOW
is the Right Time to Collect
America's All-New State Quarters**

NOW ANNOUNCING

a landmark American coin series!

*PCS Stamps & Coins is now offering you a
chance to start an historic coin collection —
as it happens — but you must act fast!*

**WHY YOU NEED TO
*** ACT TODAY *****

REASON #1:

**The FIRST and ONLY Coins
Celebrating U.S. National Parks**

Starting this year, the U.S. Mint® will issue a brand-new coin design for each state, honoring a treasured landmark within its borders. From Yellowstone to Yosemite, the Grand Canyon to the Great Smoky Mountains — these are our nation's most awe-inspiring places honored as never before.

**Minted for
10 Weeks Only!**

REASON #2:

**Limited Supply Expected
to Disappear Quickly!**

Each coin will only be produced for a maximum of 10 weeks — then never again. Even given the sky-high collector demand, Congress has mandated that once each coin finishes its mintage run, it can never be minted again. Since coins will only be minted once, you might only get one chance to reserve your collection.

REASON #3:

Uncirculated Coins — “the Collector's Choice”

You will receive the all-new state quarters in UNCIRCULATED, gem-brilliant condition — the condition most sought-after by savvy collectors, since every day that a coin is in circulation, its value diminishes. You'll get not *one* — but *two* uncirculated coins for each state! We handle them according to strict preservation standards and deliver them to you in pristine condition.

**Demand Expected to
EXCEED Supply.
Do Not Delay Your
Response!**

REASON #4:

Deluxe Collector Panels Enhance and Illuminate Each Coin

Your two new uncirculated state quarters will be expertly set into a durable and attractive Collector Panel, featuring:

- Gorgeous full-color photos of the site featured on the coin
- Fascinating narrative about the site and the state in which it's located
- Detailed illustrations of the state's bird and flower
- A map of the area in which the site is found

BONUS! We'll also include up to two historic U.S. Postage stamps in mint condition relating to each state.

SAY "YES" AND RESERVE YOUR COLLECTION TODAY!

REASON #5:

Begin at the Beginning — Before Collecting Frenzy Makes a Complete Collection Impossible

YOU can be among the first families in America to own, examine and cherish every new coin as it's released. Just imagine the thrill you'll feel when a new coin arrives and you know you're one of the first people in the country not only to *see it*, but to *own it in uncirculated condition*.

"Today, across our land, the National Park System represents America at its best. Each park contributes to a deeper understanding of the history of the United States and our way of life..."
— George B. Hartzog, Jr., National Park Service Director, 1964-1972

REASON #6:

Peace of Mind — You're GUARANTEED the Whole Collection

Often, people begin a collection, only to discover that it is nearly impossible to find one coin. It becomes a gaping hole that diminishes the value of the rest of their set. That's why when you collect with PCS Stamps & Coins — and respond in the next 10 days — you'll receive each and every coin in the series, GUARANTEED.

REASON #7:

A Lasting Legacy for Generations to Come

Like the first State Quarters, this all-new State Quarters series is sure to be remembered as one of the most important, most popular and most beloved coin series in all of American history. By starting your collection today, you'll be creating a valuable and meaningful keepsake that you can pass to your heirs.

Yours FREE!

We'll include a Deluxe Collector Album if you respond in the next 10 days. Your Album is specially designed to display your quarters and keep them in heirloom condition for years to come.
